**What Happened to You?** Oprah Winfrey,Bruce D. Perry,2021-04-27 ONE MILLION COPIES SOLD #1 NEW YORK TIMES BESTSELLER Our earliest experiences shape our lives far down the road, and What Happened to You? provides powerful scientific and emotional insights into the behavioral patterns so many of us struggle to understand. "Through this lens we can build a renewed sense of personal self-worth and ultimately recalibrate our responses to circumstances, situations, and relationships. It is, in other words, the key to reshaping our very lives."—Oprah Winfrey This book is going to change the way you see your life. Have you ever wondered Why did I do that? or Why can't I just control my behavior? Others may judge our

reactions and think, What's wrong with that person? When questioning our emotions, it's easy to place the blame on ourselves; holding ourselves and those around us to an impossible standard. It's time we started asking a different question. Through deeply personal conversations, Oprah Winfrey and renowned brain and trauma expert Dr. Bruce Perry offer a groundbreaking and profound shift from asking "What's wrong with you?" to "What happened to you?" Here, Winfrey shares stories from her own past, understanding through experience the vulnerability that comes from facing trauma and adversity at a young age. In conversation throughout the book, she and Dr. Perry focus on understanding people, behavior, and ourselves. It's a subtle but profound shift in our approach to trauma, and it's one that allows us to understand our pasts in order to clear a path to our future—opening the door to resilience and healing in a proven, powerful way.

Miles from Home: the Journey of a Lifetime Phillip L. Woods, 2015-04-03 Miles From Home is a deeply personal story and a narrative of the American dream. Born to a devoted mother and severely alcoholic father, Phillip Lee Woods was sent as an 11 year old to live with a taciturn grandfather on a lonely farm in Indianas countryside. Doing backbreaking chores from daybreak to dark and walking a long, deserted road to catch the bus, Woods school years were marked by toil, embarrassment about his circumstances, and a yearning to reunite with his mother and sister. Living in an isolated farmhouse with no indoor plumbing, no phone, and little heat, Woods and his grandfather helped each other to survive. These challenging early experiences helped the young Woods become a determined, perseverant man. Woods started out as a postal clerk, and despite not having a college education, he went on to found his own successful insurance business, Woods & Grooms, Inc. Along the way, he married his favorite post office patron and had a family of his own. His climb to ultimate success was riddled with many failures, including near bankruptcies and unsuccessful forays into raising horses and running a flight school. But more than a story of the American dream of a man who, like many, started with nothing and went on to achieve success and serve his community- this is a love story, not just between Woods and his wife of more than 50 years, but between Woods and America. At the age of 66, he decided to walk across the country from east to west, determined to see its roads again close up and meet its inhabitants in person. He wanted to see the country not as politicians and lobbyists were formulating it, but see it as a land of individuals who had their own values, their own opinions. In 2010, Woods again walked across the Unites States, from north to south, a testament to what a stout heart, a devoted wife, and a few good pairs of sneakers could accomplish. This is the tale of a long, winding journey. Readers of Woods story respond to the at times heartbreakingly honest narrative, to the tale of a life of struggle, triumphs, failures, and tragedies, but most of all they are inspired by the can-do spirit of a man who insists we all keep moving.
