The Country Diary Book of Flowers Carol Petelin,2015-03-17 One of the most appealing, as well as one of the easiest, ways of bringing a breath of summer in to the home is to use dried and pressed flowers to make an almost endless variety of attractive arrangements and designs. Pot pourri, made with colorful, fragrant plants and carefully selected herbs and spices, recreate evocative scents to remind us of Nature's fragrance. Carol Petelin, author of the successful *The Creative Guide to Dried Flowers*, has drawn on her wealth of experience to provide the ultimate guide to drying and using flowers, plants, and herbs in a myriad of creative ways. First, she describes plants that can be most successfully grown, even by those with limited garden space, and explains how to best harvest and dry them. The next section covers the art of dried flower arranging. There is advice on working with different combinations of color and form to create arrangements in containers, bouquets, posies, garlands, and swags. She tells how to gather and press flowers and herbs and offers a variety of imaginative projects for them. The final section is devoted to pot pourri. The author includes recipes for deliciously fragrant mixtures and describes how pot pourri, scented flowers, and spices can be used to make many delightfully fragranced items. There is a list of sources for herbs and essential oils. Lavishly illustrated throughout with Simon McBride's color photographs and decorated with some of Edith Holden's own drawings from *The Country Diary of an Edwardian Lady* and *The Nature Notes of an Edwardian Lady*, *The Country Diary Book of Flowers* will inspire all those who wish to practice the art of dried flower arranging and to make unusual and attractive gifts for their homes and friends.

Chickens in the Road Suzanne McMinn, 2013-10-08 Suzanne McMinn, a former romance writer and founder of the popular blog chickensintheroad.com, shares the story of her search to lead a life of ordinary splendor in *Chickens in the Road*, her inspiring and funny memoir. Craving a life that would connect her to the earth and her family roots, McMinn packed up her three kids, left her husband and her sterile suburban existence behind, and moved to rural West Virginia. Amid the rough landscape and beauty of this rural mountain country, she pursues a natural lifestyle filled with chickens, goats, sheep—and no pizza delivery. With her new life comes an unexpected new love—52, a man as beguiling and enigmatic as his nickname—a turbulent romance that reminds her that peace and fulfillment can be found in the wake of heartbreak. Coping with formidable challenges, including raising a trio of teenagers, milking stubborn cows, being snowed in with no heat, and making her own butter, McMinn realizes that she's living a forty-something's coming-of-age story. As she dares to become self-reliant and embrace her independence, she reminds us that life is a bold adventure—if we're willing to live it. *Chickens in the Road* includes more than 20 recipes, craft projects, and McMinn's photography, and features a special two-color design.
