*Christ in the Gospels of the Liturgical Year* Ronald D. Witherup, 2012-05-03 2009 Catholic Press Association Award Winner! A decade after the untimely death of renowned Scripture scholar Father Raymond E. Brown, SS, he continues to inspire and inform scholars and preachers, students and pastoral ministers, lay and ordained. It was only days after Father Brown's death that his final book was published by Liturgical Press. That book, *Christ in the Gospels of the Ordinary Sundays*, completed his six-volume series on preaching the Scriptures, a series that had begun in the mid-1970s with the publication of his popular *An Adult Christ at Christmas*. Those six volumes are collected here in one convenient commemorative edition to mark the tenth anniversary of Brown's death. Brown's work is left largely untouched, and readers will find that his wisdom is lasting. Yet Brown, being a scholar's scholar, would recognize the need for some enhancement in a work being republished some thirty years after the first volume appeared. Appropriately, then, this edition contains introductory essays by Brown's colleagues and friends John R. Donahue, SJ, and Ronald D. Witherup, SS, as well as useful indexes and a bibliography of resources for preaching the word of God in the context of the lectionary. As Witherup notes in his preface, Brown had the rare capacity to simplify complex biblical studies in a manner that did not 'dumb down' the material but allowed it to be understood by a wide audience. . . . He did this in a fashion that was both inspiring and educational. That very broad audience 'those who grew up with Brown, so to speak, as well as a whole new generation of readers and preachers of the word' will find this book to be a source of inspiration and knowledge that they will turn to again and again. Raymond E. Brown, S.S., (1928 -1998) was the Auburn Distinguished Professor of Biblical Studies at Union Theological Seminary in New York City. He was author of some forty books on the Bible and past president of three of the most important biblical societies in the world. By appointment of two popes (Pal VI in 1972, John Paul II in 1996) Brown was a member of the Roman Pontifical Biblical Commission. Time magazine called him probably the premier Catholic Scripture scholar of the U.S.

**The Making of Monetary Policy in the UK, 1975-2000** David Cobham,2003-02-14 Over the quarter of a century with which this book is concerned, the UK has had an extraordinarily diverse experience of monetary policy and monetary regimes. Monetary policy has been transformed, from attempts to control broad money from the supply side with the use of indirect controls on banks' lending, to an almost exclusive focus on interest rates in a context of inflation targeting. The exchange rate has at times been fixed, at other times almost perfectly flexible, and at other times again more or less managed. Meanwhile the real economy has experienced large variations in growth, together with what most observers have seen as a sharp rise and then a gradual decline in the NAIRU; inflation has varied between 25% and 2%. This is a book about the making of monetary policy in the UK, about how and why the monetary regimes changed over the period, and how and why the monetary authorities took the decisions they did about monetary growth, interest rates and the exchange rate. It includes separate chapters on monetary targeting, on policy in the second half of the 1980s, on the UK's brief membership of the ERM, on inflation targeting between 1993 and 1997, and on inflation targeting with instrument independence since 1997. It also contains a detailed analysis of the factors that influenced interest rate decisions and monetary policy with particular reference to the exchange rate, and an investigation of the nature and reasons for interest rate smoothing in the UK. David Cobham has written an excellent history of British monetary policy over the final quarter of the 20th Century. His judgement of the political and economic context is sound and sensible. It is well written with clear and helpful tables and charts. Besides the careful historical reporting, Cobham adds some valuable extra research of his own, notably on the interaction between monetary policy and the exchange rate (Chapter 9) and on the reasons for interest rate 'smoothing' (Chapter 10). Charles Goodhart, Norman Sosnow Professor of Banking and Finance at the London School of Economics ...an essential guide covering everything the reader could ever want to know about the UK's turbulent monetary history over the last quarter

Memories of Socrates Xenophon,2023-02-21 'Who would you say knows himself?' In 399 BCE Socrates was tried in Athens on charges of irreligion and corruption of the young, convicted, and sentenced to death. Like Plato, an almost exact contemporary, in his youth Xenophon (c. 430-c. 354 BCE) was one of the circle of mainly upper-class young Athenians attracted to Socrates' teaching. His Memorabilia is both a passionate defence of Socrates against those charges, and a kaleidoscopic picture of the man he knew, painted in a series of mini-dialogues and shorter vignettes, with a varied and deftly characterized cast—entitled and ambitious young men, atheists and hedonists, artists and artisans, Socrates' own stropy teenage son Lamprocles, the glamorous courtesan Theodote. Topics given Socrates' characteristic questioning treatment include education, law, justice, government, political and military leadership, democracy and tyranny, friendship, care of the body and the soul, and concepts of the divine. Xenophon sees Socrates as above all a supreme moral educator, coaxing and challenging his associates to make themselves better people, not least by the example of how he lived his own life. Self-knowledge, leading to a reasoned self-control, was for Socrates the essential first step on the path to virtue, and some found it uncomfortable. The Apology is a moving account of Socrates' behaviour and bearing in his last days, immediately before, during, and after his trial.
