**The Fall of Richard Nixon** Tom Brokaw, 2019-10-29 Bestselling author Tom Brokaw brings readers inside the White House press corps in this up-close and personal account of the fall of an American president. In August 1974, after his involvement in the Watergate scandal could no longer be denied, Richard Nixon became the first and only president to resign from office in anticipation of certain impeachment. The year preceding that moment was filled with shocking revelations and bizarre events, full of power politics, legal jujitsu, and high-stakes showdowns, and with head-shaking surprises every day. As the country's top reporters worked to discover the truth, the public was overwhelmed by the confusing and almost unbelievable stories about activities in the Oval Office. Tom Brokaw, who was then the young NBC News White House correspondent, gives us a nuanced and thoughtful chronicle, recalling the players, the strategies, and the scandal that

brought down a president. He takes readers from crowds of shouting protesters to shocking press conferences, from meetings with Attorney General Elliot Richardson and White House Chief of Staff Alexander Haig, to overseas missions alongside Henry Kissinger. He recounts Nixon's claims of executive privilege to withhold White House tape recordings of Oval Office conversations; the bribery scandal that led to the resignation of Vice President Spiro Agnew and his replacement by Gerald Ford; the firing of Special Prosecutor Archibald Cox; how in the midst of Watergate Nixon organized emergency military relief for Israel during the Yom Kippur War; the unanimous decision of the Supreme Court that required Nixon to turn over the tapes; and other insider moments from this important and dramatic period. *The Fall of Richard Nixon* allows readers to experience this American epic from the perspective of a journalist on the ground and at the center of it all. Praise for *The Fall of Richard Nixon* "A divided nation. A deeply controversial president. Powerful passions. No, it's not what you're thinking, but Tom Brokaw knows that the past can be prologue, and he's given us an absorbing and illuminating firsthand account of how Richard Nixon fell from power. Part history, part memoir, Brokaw's book reminds us of the importance of journalism, the significance of facts, and the inherent complexity of power in America."—Jon Meacham, Pulitzer Prize-winning author of *The Soul of America*

*The Death of Politics* Peter Wehner, 2019-06-04 The New York Times opinion writer, media commentator, outspoken Republican and Christian critic of the Trump presidency offers a spirited defense of politics and its virtuous and critical role in maintaining our democracy and what we must do to save it before it is too late. "Any nation that elects Donald Trump to be its president has a remarkably low view of politics." Frustrated and feeling betrayed, Americans have come to loathe politics with disastrous results, argues Peter Wehner. In this timely manifesto, the veteran of three Republican administrations and man of faith offers a reasoned and persuasive argument for restoring "politics" as a worthy calling to a cynical and disillusioned generation of Americans. Wehner has long been one of the leading conservative critics of Donald Trump and his effect on the Republican Party. In this impassioned book, he makes clear that unless we overcome the despair that has caused citizens to abandon hope in the primary means for improving our world—the political process—we will not only fall victim to despots but hasten the decline of what has truly made America great. Drawing on history and experience, he reminds us of the hard lessons we have learned about how we rule ourselves—why we have checks and balances, why no one is above the law, why we defend the rights of even those we disagree with. Wehner believes we can turn the country around, but only if we abandon our hatred and learn to appreciate and honor the unique and noble American tradition of doing "politics." If we want the great American experiment to continue and to once again prosper, we must once more take up the responsibility each and every one of us as citizens share.

**Angel on a Leash** David Frei, 2011-11-08 David Frei's heartwarming collection of stories about the therapy dogs in his life and the people whom they touch, *Angel on a Leash* celebrates the "ministry" that Frei shares with his wife, Chaplain Cheryl Frei, the director of spiritual care at the Ronald McDonald House of New York. Frei may be the most recognizable face and name in the dog sport, as "the Voice of Westminster," the famous New York kennel club for which he has worked for the past two decades, but his true passion in dogs is therapy work. In the book's eighteen chapters, Frei retells the stories of the everyday miracles he's witnessed his therapy dogs perform over hundreds of trips to their favorite places. Currently in his second generation of therapy dogs, Frei gives his Cavalier King Charles Spaniel "Angel" and Brittany "Grace" all the credit for the life-altering work they do cheering up ailing children at Morgan Stanley's Children's Hospital, spending time with recovering patients at New York- Presbyterian Hospital, and placing a paw in the hand of world-weary veterans at the Washington DC VA Medical Center. Never sappy or sentimental, Frei's writing style is straightforward and honest with a swiftness that keeps the reader turning pages (and wiping tears). Beyond the inspiring storytelling, the book also offers practical advice to potential therapy dog handlers about how to get a dog certified with a proper registry, the responsibilities that accompany therapy work, and the importance of community involvement. Frei's association with Westminster yielded the formation of a nonprofit organization called *Angel on a Leash* (the book's namesake), which Frei was the key founder. Although the organization is now a separate entity from its famous "parent," Best in Show winners of Westminster have frequently retired from the show ring into the realm of therapy work, receiving Frei's encouragement and guidance. Among the many exquisite moments captured in the book's photography section are portraits of Rufus, the Colored Bull Terrier; James, the English Spring Spaniel; and Uno, the Beagle, all supreme victors of the famous show, spending time with children on therapy visits.

The Eye Book Theo. LeSieg, 1999-09-28 Our eyes see flies. Our eyes see ants. Sometimes they see pink underpants. Oh, say can you see? Dr. Seuss's hilarious ode to eyes gives little ones a whole new appreciation for all the wonderful things to be seen!

**Clifford's Halloween** Norman Bridwell, 2016-05-31 Classic Clifford reissued! Out of all the holidays, Emily Elizabeth and Clifford like Halloween the most. That Winter Pamela Gillilan, 1986 Pamela Gillilan was born in London in 1918, married in 1948 and moved to Cornwall in 1951. When she sat down to write her poem *Come Away* after the death of her husband David, she had written no poems for a quarter of a century. Then came a sequence of incredibly moving elegies. Other poems followed, and two years after starting to write again, she won the Cheltenham Festival poetry competition. Her first collection *That Winter* (Bloodaxe,

1986) was shortlisted for the Commonwealth Poetry Prize.

*Learning with Information Systems* Simon Bell,2013-02-01 In Learning with Information Systems the author takes the developing world as the context and through a series of case studies develops a commonly used systems analysis methodology. He demonstrates how this methodology can evolve and adapt as new ideas become prominent. Issues of sustainability of information systems, participation in systems design and user ownership of systems are all examined. This book does not attempt to be prescriptive for all contexts nor does it focus on any particular technology. It addresses the essential questions and promises practical approaches which will help in the avoidance of the worst forms of disaster associated with the planning of information systems for developing countries.

**The Annenbergs** John E. Cooney,1982 This is the colorful and dramatic biography of two of America's most controversial entrepreneurs: Moses Louis Annenberg, 'the racing wire king, ' who built his fortune in racketeering, invested it in publishing, and lost much of it in the biggest tax evasion case in United States history; and his son, Walter, launcher of TV Guide and Seventeen magazines and former ambassador to Great Britain.--Jacket.
