The Scandinavian Home Niki Brantmark, 2017-04-18 Discover classic and contemporary Scandinavian style with specially commissioned photography of homes in Denmark, Norway, Sweden, and Finland. Discover classic and contemporary Scandinavian style with specially commissioned photography of homes in Denmark, Norway, Sweden, and Finland. Scandinavia is famous for its distinctive style: homes are pared-back and simple, and form and function are combined to create aesthetically pleasing and practical interiors. Scandinavians are inspired by light, having an abundance of it in summer but so little of it in winter, and house designs tend to maximize the amount of natural light that enters the home, and allow the inhabitants to make the most of outdoor life during the summer. Similarly, nature and the weather are major influences: homes are made warm and cozy for the freezing winter months—not just literally with log burners, but also through incorporating wood and natural materials. Here Niki Brantmark, owner of the interior design blog *My Scandinavian Home*, presents a wide-ranging collection of these beautiful homes and explores how the Scandinavian lifestyle is reflected in them all. The first chapter, *Urban Living*, features styles ranging from minimalist to bohemian, and pale palettes to dramatic dark colors. By contrast, the *Country Homes* tend to have a softer, calmer feel, through color and textiles, in line with a slower pace of life. Finally, the spectacular *Rural Retreats* include a mountain cabin, beach house, and rustic summer cottage, and demonstrate how having somewhere to escape to is so important to many Scandinavians. This collection of stunning interiors will put Scandi style within every reader's reach.

Heritage Style Selina Lake, 2022-03-08 In *Heritage Style*, Selina Lake celebrates the new nostalgic mood in interiors, using vintage and inherited furniture and other accessories in a fresh, original fashion. Our homes are more important to us than ever before, and heritage style harks back to the reassuring comfort of traditional interiors. Paneling, wallpaper, floral fabrics, and heritage paint colors provide a backdrop for house plants, artworks, and contemporary crafts, while upholstered

and wicker furniture, pretty decorative detailing, and plump throw pillows feel warm, welcoming, and familiar. It's not only a comforting style, but also a sustainable one, built around pre-owned and vintage pieces sourced at online auctions or on Instagram and given a new lease of life in modern homes. Heritage Style shows how to create a home that feels both modern and nostalgic at the same time—inviting, easy to live in, and full of intriguing personal touches.

Autoprogettazione? Enzo Mari, 2002 Il libro è costituito da un progetto realizzato da Mari nel '74 e rappresenta uno stimolo (e una provocazione) per legare la creatività alla capacità costruttiva di ognuno, seguendo e/o modificando la traccia data dai disegni progettuali di Enzo Mari per la realizzazione di una sedia, un tavolo, un armadio, un letto. Il libro riprende la precedente pubblicazione Proposta per un'autoprogettazione curata dal centro Duchamp e stampata in occasione della mostra alla Galleria Milano, alla quale si aggiungono i testi dello stesso Mari a commento di quest'operazione, la documentazione di ciò che la prima uscita del progetto ha provocato (lettere, commenti, articoli), immagini, disegni e una riflessione sull'attualità della riproposta di oggi.
